Bloodine

We Know BLOODINE

Will Help You To Regain Your Strength and Energy.

Report of the Head Physician to a Leading New York Hospital on the Cure of Catarrh.

"A few years ago we considered that we were doing well if we cured ten per cent. of the cases of catarrh brought to us, but since the introduction of 'Bloodine' into our hospital we cure more than 90 per cent. of all the cases of Catarrh in its various forms brought to us. Catarrh of the Head, Catarrh of the Eyes, Catarrh of the Bladder and Urethra, Catarrh of the Large Intestines, Catarrh of the Larynx, Pelvic Catarrh, Catarrh of the Throat, and Catarrh of the Stomach are quickly cured with 'Bloodine.' It builds new tissues, gives new energy, new life, new blood and strength to any part of the body attacked by the Catarrhal germs."

Bloodine is a powerful tonic, nourishing food medicine, composed of valuable tonic stimulants obtained from vegetable drugs. 'Bloodine' contains no narcotics or other dangerous drugs which merely deaden pain temporarily, but give no permanent relief or cure the cause of your disease. 'Bloodine' is a powerful body builder and blood maker; it is the best remedy known to the medical profession to enrich thin, watery blood and supply new, rich red blood to the whole body.

Another Shell Game.

It is declared in Washington political circles that the Republicans are going to try to sidetrack the "tariff and increased cost of living" issue in the next campaign, and make the party's big appeal for support on the currency question. Republican leaders in both branches of Congress are at work on speeches the import of which will be that "the business interests will suffer as long as the currency system remains as it now is." The modified Aldrich plan on which the Republicans intend to go before the country provides for a \$500,000,000 "National Reserve Association," which practically amounts to a central government bank.

This reserve association will have power on issue emergency currency, and to practically dictate the banking policy of the country, and to control the credit of the business world—a vast power.

Democrats in Congress have frequently pointed out the danger of allowing the money power to become any more centered than it already is, and many students of finance contend that the proposed reserve association would be little more than a money trust, whose controlling factor would very likely be the same group of men who now dominate Wall street and the Republican party.

A Non-Partisan Plunderbund.

The American Protective Tariff League has adopted the following resolutions: "Resolved, that we strongly recommend that our members and connections work and vote for the defeat of any candidate who is not a protectionist, and work and vote for the election of all candidates of whatsoever party who are protectionists."

Here we have the plan of the plunderbund. There is no partisanship in the American Protective Tariff League. While it ordinarily works with the Republican party it stands ready to bolt any Republican who is not willing to take his orders from the tariff barons; it will render assistance to any Democrat who is willing to betray his constituents into the hands of the tax eaters. How long will it take the consumers to learn the real character of the man who makes his money out of a protective tariff. How long can the consumer be misled by the appeal to his patriotism when the protectionist has no thought beyond the amount of money that he can squeeze from the public through the operation of law.

It is high time that the farmers, mechanics, merchants and the general public get together and resolve to oppose protectionists and to favor those who are pledged to a reduction of the extortionate tariff rates.

Avoid Parading Troubles.

"Expectin' a man to find satisfaction in hearin' about yob troubles," said Uncle Eben, "gives him credit oh havin' a purty pore disposition."

Tobacco Trust Still a Trust.

In the opinion of many students of the trust question the tobacco trust is the victor. That is the real meaning they give the approval by the United States Circuit Court of New York of the tobacco trust's reorganization plan. The tobacco trust is to remain. Competition is not restored. The stock ownership is not divided. The actual activities of manufacture and distribution are not even placed under different supervisions. The circuit court politely declines the responsibility of making an order which shall make the business of the tobacco trust fulfill the Supreme Court's interpretation of the Sherman law. Discussing the possibility of ordering a receivership and the sale of the tobacco trust properties, the lower court says it could not prevent the present owners from bidding in the property if they were so inclined. In other words the tobacco trust is not "busted." Indeed, it is scarcely scratched.

A Great Fight.

The Democrats and Progressive Republicans made a great fight in New Mexico. While they failed to carry the state legislature because of the gerrymandering of the state, they surprised their friends outside by what they did accomplish and proved that New Mexico is fighting ground. The Democrats in the Legislature should begin at once to insist upon the ratification of the income tax amendment to the constitution. That ought to be the first act passed by the legislature, and the second ought to be the submission of the initiative and referendum. These two acts will make a good beginning for the new state.

What the People Pay.

The people of the United States pay a subsidy in artificially high prices to the wool industry of at least \$104,000,000 a year according to the calculations of Hon. Oscar W. Underwood, of Alabama, chairman of the Ways and Means committee of the House of Representatives.

"The Payne-Aldrich tax of 61 cents per yard to say nothing of any increase in tax as it passes to the jobber, makes not less than \$104,000,000 paid each year to subsidize the wool industry of America," says Mr. Underwood. "Now, the entire actual duties paid the United States on all imports of woollens and worsteds in 1910, amounted to less than \$15,500,000, which means that of the \$104,000,000 extorted from the consumers of woollens nearly \$90,000,000 went to the wool interests."

"Is it fair or just or right to maintain these enormous taxes unduly the foster the business of less than one-fourth of one per cent of the people and to require ninety-nine and three-fourths per cent to stagger under this enormous burden. I for one do not believe the American people will justify the President in his veto of the wool schedule."

At Cost for Cash.

Beginning on November 15 our entire stock of millinery will be sold for cash for the next seventeen days, or until December 1 at cost and below. In order to get the cash we will make this sacrifice on all trimmed hats, pattern hats, ribbons, trimmings, etc. We have a good line of \$6 and \$7 hats that we will sell at \$3.50.

This is a rare opportunity for those needing millinery, as this advertisement is not made to fool the public but to impress them that we are willing to sacrifice our stock to turn it into cash at once.

Despair and Despondency

No one but a woman can tell the story of the suffering, the despair, and the despondency endured by women who carry a daily burden of ill-health and pain because of disorders and derangements of the delicate and important organs that are distinctly feminine. The tortures so bravely endured completely upset the nerves if long continued. Dr. Pierce's Favorite Prescription is a positive cure for weakness and disease of the feminine organism.

IT MAKES WEAK WOMEN STRONG, SICK WOMEN WELL.

It allays inflammation, heals ulceration and soothes pain. It tones and builds up the nerves. It fits for wifehood and motherhood. Honest medicine dealers sell it, and have nothing to urge upon you as "just as good."

It is non-secret, non-alcoholic and has a record of forty years of cures. Ask Your Neighbors. They probably know of some of its many cures. If you want a book that tells all about woman's diseases, and how to cure them at home, send 21 one-cent stamps to Dr. Pierce to pay cost of mailing only, and he will send you a free copy of his great thousand-page illustrated Common Sense Medical Adviser—revised, up-to-date edition, in paper covers. In handsome cloth-binding, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.
